SIX TO SHARE CARUSO'S ESTATE WORTH \$1,000,000

New York, Aug. 4.—Enrico Caruso's wealth amounts to about \$1,000,000 his close friend, Constantino J. Sperco, disclosed yesterday. Sperco said he drew up the tenor's will two years ago shortly prior to the birth of little Gloria Caruso. The estate, according to Sperco, is to be divided equally among six persons, namely, the tenor's brother, Giovanni, his two sons, Enrico and Rudolfo, his widow, and his daughter, and Caruso's stepmother.

Lloyd George Shows His Temper.

The London Times will not suffer permanently because of Premier Lloyd George's display of temper which has resulted in his order to deprive that newspaper of Government news at its source, to which it is entitled.

gone tomorrow, but great newspapers go on forever and grow rather than survive under official displeasure.

Intimidation of a legitimate agency of public information, such as the London Times, by a public servant has usually brought a re-action in public opinion that has caused the offender to fight about-face.

The news boycott of the Times has had no effect upon that newspaper's news of Government activities and it is not likely that it will. Lloyd George explains this by saying that he has not cut the Times off from agency news, but from having its own men gather news at its source. Lord Northcliffe says it is because other editors and proprietors came to his relief.

The press of England generally has pronounced the action of the Premier childish. If that be true, then like other children he will have to learn that politicians cannot live without newspapers, but newspapers can get along very well without politicians. We wonder if his temper would be improved if the Northcliffe newspapers now decided to cease mentioning his name?

## THE TRUFFLE-HUNTING PIG.

How many of our readers know that pigs are trained to hunt truffles? How many know what a truffle is? The truffle is an edible fungus growth found in certain parts of Europe, growing a few inches underground, and is considered a delicacy for the table. Dogs are often trained to find them. They learn to detect the pres-

ence of the truffle under the surface of the soil by a faint odor given out by the truffle. The dog, when over the spot, stops and pats the ground with his paw. Then the man digs up the truffle. Strange to say, the pig is a very clever truffle finder. It has been said that so keen is the scent of one well-trained that a sow has been known to run in a direct line one hundred and fifty feet snuff-

ing toward a point where two or three inches underground lay a truffle. Should the pig root it up and attempt to eat it, he is punished. Generally, however, when properly trained, he merely stands over it and grunts till it is dug up by the truffle hunter. Who would have thought that a pig could have so fine a sense of smell as sometimes to out rival the dog?

## Christ's Return Solves World's Problem

MR. A. L. SMITH  
of Washington, D. C., Will Speak At  
IDLE HOUR THEATRE, ALEXANDRIA, VA., 316  
KING STREET AT 3 O'CLOCK

Sunday, August 7th

"And He shall send Jesus Christ which (who) before was preached unto you, whom the heavens must retain until the time of restitution of all things which God hath spoken by the mouth of all his holy prophets since the world began."—Acts 3:20, 21.

That our Lord intended His disciples to understand that for some purpose, in some manner, and at some time He would come again; we believe that all familiar with the Scriptures will admit.

If you hear him, you will know some of the signs which indicate that Christ is present and the Glorious day is at hand.

To know some of the purposes of our Lord's return is a source of great comfort to all who mourn the loss of some dear ones who passed into the Great Beyond without hope.

## FAKE, SAYS CHIEF, OF "LOST" YOUTH

Muskogee, Okla., Aug. 4.—"The biggest fake ever pulled off in this part of the country."

Such was Police Chief Ed Maloney's characterization of the disappearance of Malcomb Etheridge 18, for whom 500 armed men have been searching for forty-eight hours. The searchers were armed by the police.

Chief Maloney said the apparent kidnapping of Etheridge was a fake and a frame up, but would not say what led him to such a belief. He

declared Etheridge was taze struck and was "playing for notoriety to get into the movies."

The search for the missing boy continues.

## The Fastest Selling Tire In America

The increasing popular demand for the Firestone Standard 30x3 1/2 inch tire over a period of years has given us big volume. Our Plant No. 2 devoted wholly to this size tire with a capacity of 16,000 tires and 20,000 tubes per day cuts costs on every operation. On May 2, we dropped our price to \$13.95 passing on to the car owner the full benefits of this big sales volume and this labor-saving plant. This tire has been our standard for years—four plies long staple fabric—extra gum between plies—heavy non-skid tread. The greatest value ever offered car owners. Insist on Firestone.

## Our Cord Tire Values

Firestone Cord tires are made exclusively in Plant No. 1. Our process of double gum-dipping each ply of cord gives thicker insulation. The massive non-skid tread, with extra thickness where wear is most severe, gives real effectiveness in holding the car against slipping and adds many extra miles of service.

Firestone Cord tires are sold at the lowest prices in cord tire history: 30x3 1/2, \$24.50; 32x4, \$46.30; 34x4 1/2, \$54.90.
